Blue Ridge School Helpful Packing Guidelines

The following guidelines are included to help inform the packing process. Please see the General Residence Hall Regulation section in the Student Handbook for further residence hall guidelines.

Labeling Personal Belongings:

- 1. Before the student leaves home, a printed name tape should be sewn into every article of clothing. It is suggested that the tapes be located as follows:**
 - Inside the collar band of coats and shirts.
 - Inside the back waistband of pants.
 - Inside the top of socks in a vertical position.
2. Students should mark their names in each item with a permanent marker or an engraver. It is highly suggested that students used the attached form entitled "Electronic / High Value Item Identification" to record the serial number of their high value items and place this on file with the Office of Resident Life.
3. Luggage should be tagged on the outside for easy handling and marked inside with the owner's name and address, thereby lessening the chance of permanent loss by luggage handlers. Luggage will be placed in storage.

Please note that due to room size, the following limitations are placed on furniture and floor coverings:

- One easy chair per student, or one loveseat, not more than five feet in length (not a sleep sofa) for two roommates.
- Small rugs, as long as they are bound and they do not extend under the furniture. Rugs must be vacuumed weekly or taken out and shaken.

Please do not bring the following:

Large Stereos: both in size and wattage. Headphones are required in order to listen to music in the evenings and during "quiet time" hours.

Flags and Posters that may be offensive to others or that depict/promote alcohol or drug use. (Examples - Confederate Flags, Malcolm X posters, or pictures of Bob Marley smoking marijuana.)

Hot plates and microwaves can not be allowed.

Televisions: **Televisions are for Prefects only; no other student will be allowed to have a TV.**

Refrigerators: Refrigerators are for Prefects, Proctors, Honor Council, and Disciplinary Committee Members only.

Extension Cords: By order of the fire marshal, only power strips (and not traditional extension cords) are acceptable.

Any movies with a rating above PG-13.

Any video games with an ESRB rating above "(T) Teen."

While we allow video games systems, we strongly recommend that they be left at home so that students may fully embrace the offerings of Blue Ridge. If these items are brought to campus, the school reserves the right to restrict their use in order to promote student success.
